

FITCHBURG STATE COLLEGE

Triple Room Agreement 2007-2008 Fitchburg State College Housing and Residential Services

Residence Hall: _____

Room: _____

The residents of the room noted above agree to convert the room from expanded occupancy to a triple occupancy room for the remainder of the 2007-2008 academic year.

Under this agreement, the permanent residents of the room agree to:

1. Allow the expanded occupancy resident to remain in the room on a permanent basis for the academic year,
2. No reduction in room rates for any of the members of the room. (Each roommate will continue to be charged both semesters at the double occupancy room rate).
3. This agreement means that the Expanded Occupancy Resident loses any priority to be reassigned into another room for the year and would only be eligible for reassignment through the regular room change process and timeline.

This agreement is for the academic year 2007-2008 only, and all three roommates will not be able to reapply to live in the room in future years as a triple.
