May 25, 2006 4:30-9:00 p.m.

Elm Park Community School, Worcester

This workshop will provide preparation for the Massachusetts Tests for Educator Licensure #54, English Language Learners. It will include an overview of theory, speech and language acquisition and normal development. The workshop will also identify issues associated with second language acquisition and the influences of culture and first language on individuals learning English as their second language. Students will also participate in self-assessment of skills and develop a plan of action based on obtained results.

Take advantage of this grant funded opportunity to meet the proposed MADOE requirement for English Language Learner endorsement and a Meeting the Challenge Scholarship Program requirement by passing the English Language Learner test.
